

ACP Lectureship Award Report and ICCEOCA-4, 2009

Koichi Narasaka

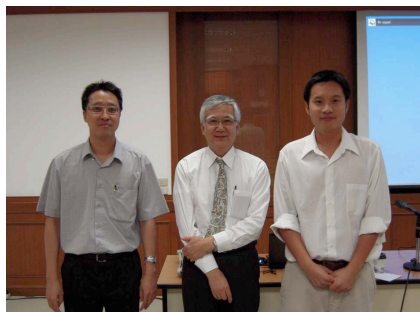

The lectureship trip was organized by Professor Somsak Ruchirawat and Dr. Montakarn Chittchang of Chulabhorn Research Institute. This is my first experience to visit research institutes and universities in Thailand. I could learn many aspects of organic research in Thailand and became acquainted with many scientists. Most impressively, I found that the young staffs are purely concentrated in chemistry and many of the students in my lectures are brilliant in their eyes. I am very grateful to all the hosts of my visits for giving me this opportunity and sincerely express my gratitude to all the members in Thailand for their kind hospitality.

Nov 26 (Thu): Lecture and discussions at Chulabhorn Research Institute

Nov 27 (Fri): Morning: Lecture at Chulalongkorn University

Afternoon: Lecture at Mahidol University

Nov 29 ~ Dec. 3: Participate in ACP-Workshop and ICCEOCA-4

Chulalongkorn University

Mahidol University

Chulabhorn Research Institute
