

Report on ACP Lecture Tour of Japan

(3-10 October 2010)

Vinich Promarak

(Faculty of Science, Ubon Ratchathani University, Thailand)

According to the 4th ACP conference at Bangkok, I was given a Lectureship Awards from Japan. First of all, I would like to thank Japan ACP coordinators for their kind giving me the award and Professor Masahiko Yamaguchi for organizing my lecture tour in Japan. Thanks to the support by Ubon Ratchathani University and NRCT on ACP program that I could visit Japan and have an excellent opportunity to share my work, meet and discuss with professors, postdocs and students there. I would like also thank all professors for hosting me and for very warm hospitality at their universities. I enjoyed the lecture tour very much in Japan.

October 3 (Sun) : Arriving at Narita Airport and Departing from Narita Airport to Sendai Airport in the evening.

October 4 (Mon) : Lecture at Department of Organic Chemistry, Tohoku University hosted by Masahiko Yamaguchi followed by discussion with many professors in the afternoon.

with Prof. Yamaguchi

October 5 (Tue) : Leaving Sendai for Morioka by Shinkansen Hayate. Picked up by Prof. Ogawa's student at Morioka station. Lecture at Department of Chemistry and Bioengineering, Iwate University hosted by Prof. Satoshi Ogawa followed by discussion with many professors in the afternoon.

With Prof. Ogawa

Dinner with Prof. Ogawa and his colleges

October 6 (Wed) : Leaving Morioka for Saitama by Shinkansen Hayate. Picked up by Prof. Hirose's student at Ohmiya station. Lecture at Graduate School of Science and Engineering, Saitama University hosted by Prof. Takuji Hirose followed by discussion with his students.

with Prof. Hirose and his students

October 7 (Thu) : Picked up at the hotel by Prof. Osakada followed by having a short sightseeing around Yokohama port. Lecture at Chemical Resources Laboratory, Tokyo Institute of Technology hosted by Prof. Kohtaro Osakada.

with Prof. Osakada, Prof. J. Darkwa and postdocs.

October 8 (Fri) : Departing from Tokyo by express train to Tsukuba. Lecture at Graduate School of Pure and Applied Sciences, University of Tsukuba hosted by Prof. Jyunji Ichikawa followed by discussion with his students.

with Prof. Ichikawa and students

October 9 (Sat) : Stay in Tokyo, Japan (Unfortunately it was raining all day)

October 10 (Sun) : Leaving from Tokyo-Narita for Bangkok
